Subject: Vermiculite Products Inc. site - Automation Products Property- Contact Information
Date: Tuesday, October 17, 2017 5:18:00 PM

Hi Althea:

Larry Nettles, Greer Corp. lawyer, and I spoke this afternoon. I indicated that a phased approach by the PRP must include the necessary work on the two properties – Silva Technologies and Automation Products.

Mr. Nettles has had prior communications with the Silva management team, and is seeking contact info for Automation.

Would you please forward your contact info for Silva and Automation for my files. I will then forward the Automation contact info to Mr. Nettles, so that he can open communication with the company.

(I indicated again that all work to be performed must be in accordance with a Consent Agreement and workplan approved by the EPA).
